

sunshine coast travelling workshop

The Australian Sonographers Association is pleased to announce the Travelling Workshop Series is coming to the Sunshine Coast on Saturday 18 February 2012 in response to the increasing demand for high-quality education outside the major capital cities.

The 2011/12 Travelling Workshop series promotes best practice in sonography by providing continuing education and a forum for communication to members in regional and rural locations across Australia and New Zealand. Designed and presented by experienced sonographers, these interactive workshops include hands-on presentations and live scanning demonstrations.

Obstetric and gynaecological sonography

Paula Kinnane

The program

8.30 am	Registration, arrival tea and coffee
9.00 am	Sonography throughout the trimesters Includes tips on how to improve your scan and deal with difficult patients.
10.30 am	Morning tea
11.00 am	Gynaecological sonography Includes 3D basics.
12.30 pm	Lunch
1.00 pm	Cervix and Placenta The cervix and placenta are important components to an obstetric scan but their significance can be overlooked.
2.30 pm	Travelling Workshop concludes

The sessions will include a Powerpoint presentation and allow time for live scanning to demonstrate the topics covered.

About the Presenter

Paula Kinnane is currently a sonographer at The Royal Brisbane and Women's Hospital. In the past she has worked in private and public centres. Paula's interests are in obstetric and gynaecological imaging.
