

warrnambool travelling **workshop**

The Australian Sonographers Association is pleased to announce the Travelling Workshop Series is coming to Warrnambool on Saturday 25 February 2012 in response to the increasing demand for high-quality education outside the major capital cities.

The 2011/12 Travelling Workshop series promotes best practice in sonography by providing continuing education and a forum for communication to members in regional and rural locations across Australia and New Zealand. Designed and presented by experienced sonographers, these interactive workshops include hands-on presentations and live scanning demonstrations.

Advanced lower limb MSK sonography

Marguerite Leber

The program

8.30 am	Registration, arrival tea and coffee
9.00 am	Hip and thigh sonography
10.30 am	Morning tea
11.00 am	Knee and calf sonography
12.30 pm	Lunch
1.00 pm	Ankle and foot sonography.
2.30 pm	Workshop concludes

About the Presenter

Marguerite Leber qualified as a sonographer in 2000 and currently holds the position of Senior Sonographer at Envision Medical Imaging in Subiaco, Perth. One of her special interests is MSK ultrasound, with particular focus on sports injuries and the various treatments used to overcome such injuries.

She has many years of experience training both radiologists and student sonographers in MSK and in the past had a sub special interest in groin scanning. Currently, much of Marguerite's work involves scanning the lower limb with particular focus on the foot and ankle. Marguerite's work also involves autologous blood injections and platelet rich plasma injections in the treatment of the elite athletes with chronic tendon disease.
